Print Timetable

The Timetable Grid contains details of the class start and end time and details of day/s of the week when the activity is running.

1. Activity Name - includes the module code and semester e.g. MN3126_S2

2. Activity Type - for example Lecture, Seminar, Practical, Tutorial. A *Core Activity* is where all students enrolled are expected to attend the class together e.g. Lectures

3. Building Code & Room Name - a three letter code denoting the building, followed by specific room e.g. GWY: Lecture Room 3. Information on building codes and locations, please see the [Teaching Rooms Location Guide](#)

4. Academic Staff Name - Staff member assigned to this activity.

5. Semester and Week Numbers - Semester and weeks when the activity takes place. The example above runs in Semester Two (S2) for weeks 1 - 11.

If you have queries regarding the timetable content, please contact your relevant School in the first instance.
